

Work Experience – Business Administration

What do we offer?

Work experience students will spend a total of five days at the Sydney Cricket and Sports Ground Trust in the Business Administration program. Students will rotate through several departments across the week providing an insight into how each team contributes to the vision and business goals of the Trust.

We receive a large number of applications for this program every year and as a result of the high demand aren't always able to accommodate everyone. Applications will be assessed against the time of requested work and suitability for the placement.
